

Summer Outdoor Education Programs

The AAI has been operating from Mt Buller for 17 years. We have a large number of clients with diverse requirements. Our primary skills lie in introducing people of all ages to the joys of outdoor activities. As a schools' education provider we offer fully packaged programs with flexible options to meet the individual schools' needs, including transport, accommodation, catering, all technical equipment, insurance and the highest levels of instruction.

Canoe/Kayaking

We are blessed with a variety of flat and moving water in the Alpine area; from vast open lakes where we can teach all the basic paddling skills, to gentle river sections where we hone skills.

The AAI is an Australian Canoeing Provider of Competency

Indoor Sports Hall

Offering a variety of activities including climbing and ball sports
Offering a great bad-weather option

Rock Climbing & Abseiling

Indoor or Outdoor? We have a 16m indoor climbing wall with grades ranging from easy to extreme. A great way to spend a couple of hours is to combine a rooftop abseil (6 storeys) with the rock climbing. Otherwise we can spend a fantastic day out at the local cliff-face. "Rocky Ned's" provides a lookout for tourists and a playground for climbers and abseilers.

Mountain Biking

Beginners are our speciality. We introduce the art of Mountain Biking in a ski resort, from using the ski-lifts, gentle cross country adventuring, to maintaining and repairing your bike in remote territory.

World Class GYMNASIUM including a Physiotherapy & Massage Unit

Australian Alpine Institute Mt Buller

Bushwalking

Tailored walks to suit all levels of fitness, from a gentle stroll from Mt Buller to Mt Stirling to a 5 day epic covering many of the surrounding ridgelines and Alpine Peaks.

ENVIRONMENT

An interesting and informative one hour lecture on issues facing the local Alpine environment and its unique management process

TRANSPORT

Transport Can be arranged on an "as needs" basis, both to/from Melbourne and locally.

Although principally based at Mt Buller we manage many different activities in diverse locations throughout Australia.
